Previous Meetings

May Meeting

Members Jan Vlask and Diane Ricollo shared their experiences from the 2001 Rolex. Everyone joined in with pictures and a video tape of the Rolex 2000. There were so many questions and discussion of peoples idols and clinicians.

The Paul Kathen Lecture was held on Saturday, May 19, at the Cedar Rapids Horseman's Club. Paul spoke on the connection between horse and rider. He had sample video of horses at different levels of training and ability to clearly show the progression of communication and collection dressage horses go through.

It was a wonderful lecture, though not as well attended as the others. We are unsure if the attendance was low because of family conflicts, like graduations or other horse activities. Comments welcome.

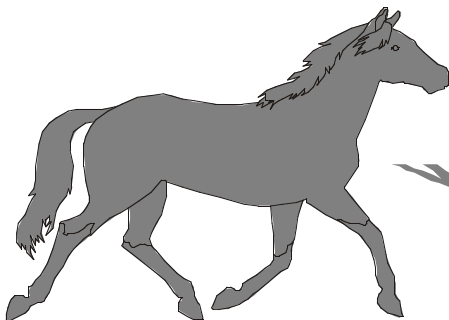

The lecture was video taped, but we will not make the tape available until 2002. It would be unfair to those who paid to attend to lend it out immediately.

June Meeting

May was a busy month and June was upon us PRONTO. We watched a video of the 1999 USDF Symposium with Conrad Schumacher on Conformation. Barb Hall brought us tons of photos which we all had a blast going through.
